

Final Assignment: Climate Change Photo Essay Components

To complete your final assignment, do the following:

Step 1 - Take 10 -12 images in total, capturing each of the following elements of a story arc: The Setting, The Conflict, The Antagonist, The Protagonist, The Climax and The Resolution.

- Of the photos, ensure the following:
 - 4 images with a human subject, at least one of those a Window Light Portrait and one an Environmental Portrait.
 - 3 images that are detail shots, or objects, helping to provide context or direct visual evidence of the story.
 - 2 images of landscape, may or may not have people in them, but must aid in illustrating one of the elements of story. Now, and landscape (most often interpreted as a natural landscape) can be more broadly interpreted as "townscape" or "buildingscape" and so on.

Step 2 - Write a caption for each image.

Step 3 - Upload the images into a single document. Save it as a PDF document with your name.
