

Apply for Arctic Data Center Workshops!

Hello everyone! We'd like to gently remind you that the application deadline for our upcoming **Fundamentals in Data Management for Qualitative and Quantitative Arctic Research Workshop** is fast approaching. The best part? Participation in these courses is absolutely free, and we're excited to share that we have funding opportunities in place to help cover travel expenses for select participants for our workshops held in Santa Barbara, CA.

Learn more and apply now!

Fundamentals in Data Management for Qualitative and Quantitative Arctic Research

January 22nd - 26th, 2024 (Santa Barbara, CA)

This in-person workshop will provide researchers with an overview of reproducible and ethical research practices, steps and methods for more easily documenting and preserving their data at the Arctic Data Center, and an introduction to programming in R, paying particular attention to qualitative data management. **Learn more and apply by September 29th, 2023**

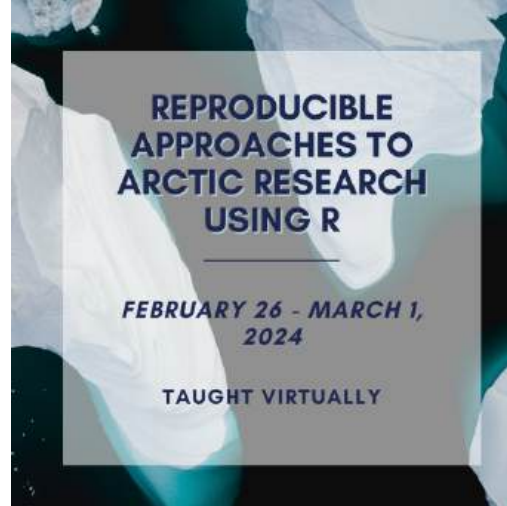

[here.](#)

Reproducible Practices for Arctic Research Using R

**February 26th - March 1st, 2024
(Virtually)**

This remote workshop will provide an overview of best data management practices, data science tools for cleaning and analyzing data, and concrete steps and methods for more

easily documenting and preserving their data at the Arctic Data Center. **Learn more and apply by October 31, 2023 [here.](#)**

We encourage you to apply to your preferred courses during their respective application periods. Should you have any inquiries or would like an extension to apply, please feel free to contact us. **We are excited to welcome you to our data science community in the upcoming year!**

A poster for the "Permafrost Discovery Gateway Monthly Webinar Series". It features a portrait of Annett Bartsch, Founder & Managing Director of B.GEOS. The title of the webinar is "THE ARCTIC LAND NORTH OF THE TREELINE AT 10M". The date and time are "OCTOBER 5, 2023 9:00 AKST". There are logos for Google.org and NSF. At the bottom, there are links to add to Google Calendar and a Zoom link, along with the URL "HTTPS://PERMAFROST.ARCTICDATA.IO/".
